## PAWSOME ASSISTANCE DOG YEARLY VETERINARIAN LETTER

This letter is part of the Compliance Standards for PAWSOME ASSISTANCE DOGS. Handlers are required to provide a current letter annually, to prove to the Association that the dog is up to date with all vaccinations. They are also required to verify it has no injuries or health concerns that may affect it working as an Assistance Dog for a further 12 months. Airlines require veterinary confirmation of the size and weight of the dog at the time of the health check.

Thank you for your assistance in this matter.
